Huidenclub

# HOST YOUR EVENT AT THE HUIDENCLUB

Situated in a former tannery, spanning over 1600 sqm, the Huidenclub is a new experimental space dedicated to the production and presentation of contemporary culture.

The Huidenclub is conceived as a platform to express a variety of voices and narratives addressing urgent contemporary topics through an active public programme of exhibitions, performances, talks and screenings. The Huidenclub is also a workclub bringing together artists, designers, and entrepreneurs to form a creative ecosystem. It has a café and a bar.

Our unique space, conceived by Atelier Tomas Dirrix with each piece of furniture exclusively commissioned to cutting-edge designers, can be hired for your private small gatherings and larger events.

# RESTAURANT & BAR

The restaurant and bar area with furniture exclusively designed by Jonas Lutz for Huidenclub can be made private for dinners, cocktails and parties after 17:00. You can hire your own caterer or use our personal local recommendations.
